7-9 May, St. Julian's, Malta

Embracing change – shaping the profession to be fit for the future

Our conference theme

This year's conference will explore how we can embrace, harness and drive change to shape the profession, so it is fit for the future. We will focus on attracting and developing talent, adopting transformative technologies, adapting to new expectations and environments, building strategic partnerships and delivering future-focused solutions.

Who will be there

The conference will host around 250 delegates from across the UK's leading restructuring, turnaround and insolvency profession. As well as engaging technical sessions there will also be an exciting range of social and networking activities bringing delegates together. (See page 10 for 2024 attending firms).
